

SPRINTER

SPECIFICATIONS

Midwest AUtomotive Designs transforms the legendary Mercedes-Benz Sprinter van into an entirely new mode of transportation that's plush, technology-rich and tailored to the most exacting standards imaginable – yours. Whether your Sprinter carries executives to the airport or friends and family to the event of the year, our specialization in Mercedes-Benz translates cavernous interior space, tall standing height and class-leading payload capacities into luxurious space with all the room, connectivity and refinement you need to succeed and entertain.

Luxury that moves you.

- Standard four wheel discs with optional ABS and integrated Acceleration Skid Control offer reassuring stopping power and handling stability.
- Customize the options and features to create a unique configuration that suits your needs and interests. Wireless Internet, bathroom, folding couch, premium audio systems and wide screen digital TVs are among the sophisticated amenities available for you to consider.
- Safety innovations like Acceleration Skid Control offers reassuring stopping power and handling, enhanced with a Load-Adaptive Electronic Stability Program and a Crosswind Assist feature that help keep your van under tight control at highway speeds.
- All models feature beautifully styled exteriors and handcrafted interiors fabricated in our in-house seating, wood, paint and engineering facilities. The high quality of our craftsmanship sets us apart within our industry.

*Varies based on your state and the options selected. *Photo shown with optional equipment.
