

# THE 2016 **SPRINTER**

**PASSENGER VAN**

## **EXPERIENCE TRANSPORTATION WITHOUT COMPLICATION.**

As the first choice for large passenger vans, the Freightliner Sprinter Passenger Van offers transportation with unrivaled style, safety, and innovation. With room for 12 people, this purpose-built van features an impressive interior standing height of up to 6'4" that gives everyone plenty of room to move. There's also a spacious rear storage area and ergonomic, durable rear passenger seating with individual headrests in each seating position.

Your advantages don't stop there. The Sprinter's standard 2-stage turbo diesel engine delivers up to 18%<sup>1</sup> greater fuel efficiency, and optional 4-wheel drive\* helps ensure greater traction, safety, and sure-footed handling in a variety of weather and road conditions. Advanced safety features, including standard Crosswind Assist<sup>2</sup> and an available rear backup camera,<sup>3</sup> make it a strong choice to drive your business ahead.

# PASSENGER VAN

## STANDARD

6'4" TALL INTERIOR STANDING HEIGHT

WIDE SIDE-DOOR OPENINGS

EXTENDED 20,000-MILE SERVICE INTERVALS<sup>4</sup>

## OPTIONAL

HIGH- & LOW-RANGE 4X4\*

ELECTRIC SLIDING STEP

REAR HEAT & AIR CONDITIONING

With greater accessibility, spacious storage, and an impressive interior standing height of up to 6'4", the Sprinter Passenger Van also features a low step-in height and 3- and 4-seat benches, as well as rear air conditioning for transportation without perspiration.

144" WHEELBASE

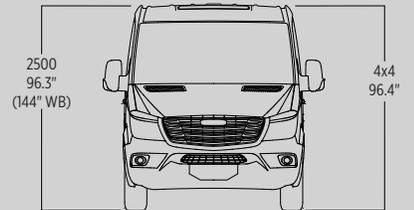

170" WHEELBASE

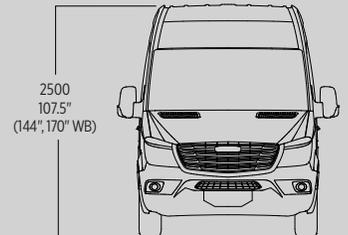

Select from our configuration options and create the Sprinter Passenger Van that fits your business best. However you measure it, the Sprinter has an ideal configuration for you and your passengers.

STANDARD ROOF

HIGH ROOF

Measurements in inches unless otherwise noted.

# Let the Sprinter start working for you.

The Sprinter 4x4\* offers on-demand 4-wheel drive to help you get the job done—even in challenging weather and road conditions.

Crosswind Assist<sup>2</sup> can gently engage individual brakes to quickly help stabilize your Sprinter Van and boost safety in strong, gusting crosswinds.

*“Unlike most commercial vans that have been converted to passenger service by an aftermarket upfitter, Sprinter feels like a solid piece, engineered from the start to move a small crowd in comfort and with ease.”*

— Consumer Guide

## OPTIONAL EQUIPMENT

The Freightliner Sprinter offers innovative options that enhance your vehicle's appearance, performance, comfort, and safety. Select from many individual options or option packages that help your Sprinter work smarter and harder for your business. See your authorized Freightliner Sprinter dealer for a complete list.

# SIMPLIFIED—AND SMART—FINANCING SOLUTIONS.

Through Daimler Truck Financial, we offer a variety of financing products and solutions with flexible benefits and competitive rates tailored specifically to meet the needs of your business. Whether you need a simple interest loan or a leasing solution, our dedicated commercial finance experts are ready to work for you, ensuring a first-class financing experience. See your Freightliner Sprinter dealer for current rates.<sup>11</sup>

## EXTRA PROTECTION FOR THE ROAD AHEAD.

All Freightliner Sprinters come standard with our 24-hour Roadside Assistance Program<sup>5</sup> and expert advice 24/7 through our Customer Assistance Center. But we don't stop there.

An Extended Limited Warranty<sup>6</sup> offers the added peace of mind you need to drive your business even further. With protection beginning immediately after the original warranty expires, you can have your Sprinter repaired by factory-trained technicians using high-tech diagnostic equipment and completed with Genuine Sprinter Parts. Choose from 1-, 2-, and 3-year options up to 150,000 miles, with no deductibles or cumbersome claims processing.

Take advantage of the money-saving value of a Prepaid Maintenance contract. Pay for maintenance in advance (rather than per visit) and help lower costs.

## ENDNOTES

- \* Delayed availability. Please see your dealer for details. No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice, and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires.
1. Fuel savings estimate of up to 18% according to FTP75 testing of engine OM651 (4-cylinder) versus MY13 OM642 (V6). Individual mileage will vary, based on factors including vehicle load, driving style, road conditions, and fuel quality.
  2. Crosswind Assist engages automatically when sensing dangerous wind gusts at highway speeds exceeding 50 mph. Performance is limited by wind severity and available traction, which snow, ice, and other conditions can affect. Always drive carefully, consistent with conditions. Feature not available on 3500 models.
  3. Rear view camera does not audibly notify driver of nearby objects and is not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions, and the presence of dirt, ice, or snow on the camera.
  4. Driver is responsible for monitoring fluid levels and tire pressure between service visits. See Maintenance Booklet for details.
  5. The Sprinter Roadside Assistance Program is available for vehicles covered under warranty and includes such services as towing, jump-start in the event of a dead battery, and assistance with the installation of a spare tire. Service charges apply for out-of-warranty vehicles.
  6. Extended Limited Warranty is not available in all states. Contact your local Freightliner Sprinter dealer to verify availability.
  7. Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It should not be used as a sole substitute for driver awareness and checking of surrounding traffic conditions.
  8. COLLISION PREVENTION ASSIST may not be sufficient to avoid an accident. It does not react to certain stationary objects, nor recognize or predict the curvature and/or lane layout of the road or every movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking, and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely.
  9. Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury.
  10. Pre-wiring code EV6 required.
  11. Actual rates, terms, down payment, advance, and program eligibility will be determined by Daimler Truck Financial's Credit team based on creditworthiness of customer.
